“Culture Against Youth Unemployment” Preparing visit

12/06/2015 – 14/06/2015
Vilnius, Lithuania

IDEA OF THE PROJECT

Culture (music, theatre, and dance) will be used as a tool to promote decision making and activity of young people.

The project will be organized by young people for young people. Young people who have larger experience in creating job places, solving with unemployment, information about market and marketing will be volunteers. Therefore volunteering will be used as tool for personal and professional improving of young people.

The project will spread information about job system, marketing, improving of self-confidence. All activities will promote information for young people and about young people and will improve the quality of their life.

Information about active citizens, job, market, business, participation in public performance will create self confidence; will promote active participation of young people. They will be able to understand, that they must create their life themselves, they must cope with social problems of Europe, city, local community. It will promote young people’s active citizenship in general and their European citizenship in particular.

Young people will spread information about situation in different countries; they will share good and bad practice and will create common recommendations. Using of group work, common results will develop solidarity and promote tolerance among young people, in particular in order to foster social cohesion between persons who have job and those who are unemployed.

Different young people from different countries will bring different information about unemployment in their countries; they will present different good and bad practice. But they will find common solution how to cope with unemployment of young people they will create common recommendations. It will foster mutual understanding between young people in different countries.

During the project young people will become more self confident. It will help them to become more active, to realize their ideas themselves, to make decision which would be useful for civil society. These details will contribute to developing the quality of support systems for youth activities and the capabilities of civil society.
